Gainesville Daily Sun

XXIII, NO. 183 GAINESVILLE, FLORIDA, TUESDAY, SEPTEMBER 11, 1906 TEN CENTS A WEEK

TON ASSOCIATION EMANDS 10 CENTS

rs' Union Will "Stand Pat" for 11 Cents.

TARY CHEATRAM CLEARED

' Union President Seeks 11 for Cotton, and Says His Or- tion Has Not Placed the Price igh.

Springs, Ark., Sept. 10.—The e committee of the Southern Association late Friday after- commended to its members cotton growers of the south cotton be sold during the pres- on at less than 11 cents per

resolution adopted by the com- it is stated that the crop is in a deterioration, and for that no estimate of the crop was The resolution states, howev- the committee is satisfied crop will not be as large as rent estimate.

placing of the minimum price cents was in the nature of a for the conservative element association. In the executive of the committee, which was ed throughout the day, the price named as a minimum cents.

resolution adopted by the com- which is in the shape of an to the public, follows:

much as we, the cotton grow- the south, know that there has reat deterioriation in the cotton crop since Aug. 15, and,

"Whereas, the consensus of opinion of the members of this committee is that the deterioration is still going on, we deem it unwise to make an estimate of the crop at this time. We are satisfied that the crop will not be as large as the current estimate.

"We, therefore, suggest and urge upon all our members and producers throughout the south not to sell their cotton at a figure less than the cost of production.

"Owing to the high price of the cost of living and scarcity of labor, we feel, in order for the farmer who raises cotton to live, feed and clothe himself and family and set aside a small pittance for the improvement of his farm, it is necessary that cotton should not be sold below the bread and meat line, which is 10 cents.

"In fixing 10 cents per pound as the limit below which it should not be sold, we have no reference to the crop or any immediate condition.

"We call upon all southern interests to aid in maintaining for all time this price as a minimum. We urge the necessity of marketing the crop slowly and only on an advancing market, and withdraw all cotton from the market at every decline.

"We apperciate and thank the press for the valued service of the past, and urge those interests of the south to assist in every manner possible to maintain this minimum price.

"We appreciate and thank the merchants and bankers for the noble manner in which they have stood by the farmers in the past and urge a continuation of their co-operation and support. Walter Clark, chairman; E. D. Smith, J. A. Brown, J. C. Hickey, F. A. Maxwell."

At the night session of the executive committee Richard Cheatham, secretary of the association, was exonerated of the charge of dealing in futures, while an official of the association. Incorporated in the resolution clearing Mr. Cheatham was an expression providing that it shall constitute an offense in the future for any official or member of the executive committee or member of any state committee to deal in futures.

The resolution exonerating Cheatham declares:

"That while all form of speculation are disapproved of, yet the committee finds that Mr. Cheatham was acting only for other parties and in view of the fact that there is nothing in the constitution which makes it a penal [illegible] to deal [illegible] and particularly [illegible] of farms, and [illegible] of Mr. Cheatham's efficiency and of the fact that we believe the assaults on Mr. Cheatham came from the enemies of this association, we dismiss the charges as unworthy of further consideration, and denounce all the charges made against Mr. Cheatham except what is hereinbefore stated as false.

"That in the future it shall constitute an offense against this association for any officer or member of the executive committee or state officer to in any way deal in futures, and any one violating this shall be expelled from office."

The report, which is signed by a committee composed of L. B. Irvin, E. W. Smith, and L. E. Love, was adopted by a vote of 11 to 5.

A resolution presented by Walter Clark, of Mississippi, instructing the president of the association to confer with counsel looking into an investigation of the cotton exchanges of the country and especially the New York Cotton Exchange "in order to determine whether or not the system of business employed in said exchanges, and with especial reference to the New York exchange, are not violative of the federal laws and the laws of the state where located," was adopted.

Texarkana, Ark., Sept. 10—The third day of the convention of the National Farmer's Educational and Co-operative Union was perhaps the busiest.

Friday's session was taken up for the most part in hearing the report of the national executive committee. This report shows the affairs of the organization, financial and otherwise, to be in excellent condition, also that the books and accounts of all officers were correct. The report was adopted as read.

The report sent out as to the fixing of the minimum price for cotton seed was inaccurate. The price was fixed at $15 per ton, throughout the entire cotton belt, regardless of section.

Several leading members of the organization was asked for an expression of what they thought of the action of the Southern Cotton association at Hot Springs, in placing the minimum price of cotton at 10 cents, and the verdict was unanimous that the National Farmers' union will stand pat for 11 cents.

President Duckworth said:

"We will stick for 11 cents. The deterioration of the general condition of cotton during the last two weeks is sufficient evidence to prove that the union has not placed the price (11 cents) too high."

Link to Madison Will Soon Begin.

Valdosta, Ga., Sept. 10—It was announced here Friday that the contract for the building of the connecting links in the Georgia and Florida railroad from this city to Augusta would be let on the 15th of this month. A syndicate of capitalists headed by J. Skelton Williams, recently acquired control of a number of short lines in South Georgia, including the Valdosta Southern railway, from this city to Madison, and the building of a few gaps in the system will build a line through from Augusta to Madison, Fla. One of the most important connections to be effected is the building of a line from Valdosta to Nashville, in Berrien county, where connection will be made with the Douglas, Augusta & Gulf. This line will be twenty-six miles in length.

Collectors Organize Union.

Chicago, Sept. 10—Announcing that they were tired of chasing hopeless delinquents, 85 collecting agents met and organized a collectors' union. They propose to 'protect themselves against unscrupulous persons," who refuse to pay their debts. It was decided to prepare a list of names of those who by various devices postpone from one week to another the payment of installments. At the regular meetings of the union, which will be held every Friday afternoon, the "dead beat" list will be revised and each collector will start out with a fresh memorandum as to how the different debtors should be approached. It is proposed later on to affiliate with the Chicago Federation of Labor.

Earthquake at Talca, Chile.

Buenos Ayres, Sept. 10.—According to a dispatch to the Nacion, seven earthquake shocks were felt at Talca, Chile, 144 miles south-southwest of Santiago.

GREET PEACE OFFER WITH DYNAMITE

Arrangement for Ten Days Armistice Rejected.

ENGLAND MAY REQUEST ACTION

Insurgents Destroy Bridges of British Subjects—Leaders of Revolutionists Insist Upon Palma Resigning and Want New Election.

Havana, Sept. 10.—All peace overtures are blocked by the refusal of Pina Guerera, insurgent leader in Pinar del Rio province, to enter into any arrangement for an armistice.

Guerera's answer to the government's announcement of its readiness to grant a ten days' armistice is the blowing up of two bridges on the Western railway, the cutting of railway communication beyond Pinar del Rio City and an attack on San Juan de Martinez. It is believed that San Juan de Martinez is in the hands of the insurgent, and that the garrison of 100 government recruits and a small force of mounted rural guards have been defeated or captured.

Guerera has formally notified General Menocl's emissary that he would not accept the armistice, and that he would notify the revolutionary committee in Havana that he would not cease hostilities unless the government promised to annul the elections of last December. Another committee is going to Pinar del Rio in an endeavor to persuade Guerara to come to Havana and treat for peace.

All regard the blowing up of an English company's railroad bridges as a serious matter, and likely to invite international action by Great Britain, and at least an interrogation of the government at Washington by Great Britain as to whether the former intends to intervene.

Fire at Birmingham, Ala.

Birmingham, Ala., Sept. 10—An early morning fire in the store of the Eagle Hat & Millinery company damaged the stock to the extent of about $12,000, much of the loss being from water. The insurance on the stock was $20,000. On the three-story building the insurance was $8,000. The building is not greatly damaged. While a hook and ladder truck was enroute to the fire, John S. Melton, a fireman of Station No. 8, who was going to breakfast, attempted to mount the moving truck and missing his footing, fell and was run over and instantly killed, his neck being broken. His home was in Pine Apple, Ala.

Negro's Victim May Recover.

Nacoochee, Ga., Sept. 10.—The report from Gainesville that the little daughter of J. C. Hood had died, is untrue. Though very low from the brutal assault, she seems to be slowly improving, and it is thought she may recover. While indignation is still at white heat, the people are patiently waiting for Sept. 16, when the negro will be legally executed for his crime.

Young Roosevelt Injured.

Denver, Colo., Sept. 10.—Theodore Roosevelt, Jr., son of the president, passed through Denver enroute east from a hunting trip in western Colorado. One of his hands was bandaged and he said an ulceration resulting from an injury was causing him to return home earlier than he had intended. He killed three deer, but no bear on the trip.

Big Mortgage Was Filed.

Macon, Ga., Sept. 10—The Atlantic Compress company filed a mortgage and deed of trust to the Savannah Trust company in the clerk's office of Bibb superior court for $1,000,000. It is probable that the funds to be realized in bonds will be applied to the construction of the gigantic compress project already planned for Macon.

Train Crashes Into Trolley.

Philadelphia, Sept. 10—Two persons were killed and several injured in a collision between a Pennsylvania railroad train and a trolley car at a crossing in the southwestern section of the city.

ARMED MEN SAVED AMERICAN.

From Mob of Lynchers in Honduran Town.

New Orleans, Sept. 10—The fact that Assistant Surgeon Walker Robertson, of the United States marine hospital service, was for more than a week practically a prisoner at the American consulate in Ceiba, Honduras, guarded by fifty armed Americans and threatened by natives with death because he had reported yellow fever in Ceiba, was made known here on Friday.

J. L. Warren Woodville, of this city, who was in Honduras in July when Robertson was threatened, and whose brother was one of the American guards, is authority for the story. He has just returned from Honduras. He says that no report of the incident was allowed to get out through official channels at the time because the United States was about to intervene to establish peace between Guatemala, Salvador and Honduras.

Mr. Woodville said that after the local health board of Ceiba declared Dr. Robertson's diagnosis of yellow fever to be wrong, the natives made threats, a notice that Robertson was to be lynched was openly printed, and on one occasion it was reported that 200 men from El Porvenir, a town 7 miles away, were marching on Ceiba with the intention of killing the surgeon.

The American consul was absent at the time Mr. Woodville says, and other Americans placed Robertson in the consulate, 25 men guarding him by day and 25 by night. These Americans gave notice that after nightfall they would shoot any native who approached the vicinity.

So angry did the native population become that President Bonilla, of Honduras, sent a note to Washington suggesting that Mr. Robertson be transferred for his own safety. Mr. Woodville says that a firm reply to the effect that Honduras would be held responsible for the surgeon put an end to the threats.

TWO NEGROES DIE ON GALLOWS

One Hanged at Afericus, Ga., and the Other at Perry, Ga.

Americus, Ga., Sept. 10.—Jonas Hicks, the negro who murdered Jarret K. Davis, a prominent farmer near Americus in April when Davis sought to prevent a difficulty between him and another negro upon his plantation, was hanged here Friday. Hicks expressed regret as having committed the crime. The condemned negro's brother and sister witnessed the execution. He is the third negro hanged in Americus within three months.

Negro Ravisher Is Hanged.

Perry, Ga., Sept. 10—Jeff Hillhouse was hanged here Friday.

He made a full confession on the scaffold.

In June in the upper part of this county, near Williston, Florida King, a 15-year-old mulatto girl and her brother, Johnnie, were met in a path running through the woods by the negro, Jeff Hillhouse. He forced them to go in the woods with him. He had a pistol. He raped the girl and then with a hoe smashed her skull, breaking it in several places. He broke the boy's skull, and then ran off, and met Crawford Wheeler. He told Wheeler there was somebody dead in the woods.

He was arrested on susupicion and convicted at a special term of court on August 13.

The boy was taken to a hospital in Macon and treated. He was able to testify against Hillhouse at the trial but is partially paralyzed. The boy was brought into the court room on a cot and taken before the jury. He is a very intelligent boy.

Child Killed By Car.

Atlanta, Sept. 10—Asbury Hudson Wellborn, 15 months old, little son of Mr. and Mrs. R. S. Wellborn, of 491 Ormond street, was run down and killed by a Washington and Ormond street trolley car late Friday afternoon at Ormond street and Cherokee avenue. The child had strolled away from his companions and sat down in the middle of the track. The car fender struck him full in the side and death followed almost instantly. The motorman did not see the child until it was too late to stop the car. He expressed the deepest regret over the sad accident.

GAMBRIDGE CREW WINS OVER HARVARD

Thousands Cheered Crews to Victory.

WON TOSS AND TOOK THE LEAD

Harvard Never Caught Up with Fast English Rowers and Trailed Behind Until the Goal Was Reached—Delayed in the Start.

Putney, England, Sept. 8.—By the distance of two lengths, Cambridge won the great international boat race Saturday, stalling off by a steady, powerful stroke, all of Harvard's desperate spurts having no effect. The light blues had the advantage of the choice of stations, which gave them at least a length to the good, having the wind sheltered, by taking the Surrey side of the river.

They got away ahead at the start and were enabled to maintain their lead and even increase it as soon as they reached the wind-roughened water at Chiswick Eyot. It was a pretty race all throughout the course.

Putney, Sept. 8, 3:52 p. m.—The tide is very late and may delay the start.

The wind had freshened, promising distant advantages to the winners of the toss, is now becoming lighter.

4:07 p. m.—Cambridge won toss and chose the Surrey side.

4:20 p. m.—The Harvard crew was afloat first.

4:32 p. m.—Cambridge took a slight lead at the start.

4:32 p. m.—Cambridge was leading by a length at Beverley Brook.

4:34 p. m.—Cambridge still over a length in front of Harvard, who was rowing 42, Cambridge 38.

At Craven steps the Cantabs were over a length ahead.

At Crabtree, Cambridge was leading by 2 1-4 lengths.

4:38 p. m.—At Hammersfith bridge, Cambridge was a length and a quarter ahead.

4:40 p. m.—At Lead Mills, Cambrige maintained her lead of a length and a quarter. Both crews were strong, about 37 strokes.

4:41 p. m.—Both crews rowing easily passing Lead Mills, neither seeming distressed.

4:42 p. m.—Opposite ayer.

Cambridge won by two lengths.

The official times were as follows:

Craven Steps, 2:19.

Mile post, 4:07.

Hammersmith Bridge, 7:13.

Chiswick Church, 12:52 seconds.

Barnes Bridge, 16:04.

Winning post, 19 finutes, 16 seconds.

Shot Mother Accidentally.

West Palm Beach, Fla., Sept. 10.—While Kirby Milton, aged 16, was trying to clean an old rusty gun at his home, about 2 miles southwest of Delray, asked his mother, who was standing near, if the gun was loaded. She said, no. He struck the firing pin to loosen it, the gun went off, the full charge going through both legs of his mother, Mrs. F. C. Milton, between the knee and ankle, tearing the calf of one leg entirely off and shattered the bone so seriously that amputation was necessary. The surgical operation was performed by Dr. Cason, of Delray, and Dr. Merrill, of West Palm Beach, Friday morning. The calf of the other leg was full of shot, but the bone was not injured. Many of the shot has been picked out by the attending physicians. She will recover.

One Dies In Accident.

Atlanta, Sept. 10—In an accident on the Southern road Engineer R. W. Noble, of Atlanta, of passenger train No. 36 was killed and a negro fireman, Tom Williams, saved himself from instant death by jumping from the train, receiving injuries in the fall. The engine was derailed and overturned. Several passengers were injured, but none of them seriously. The train had left Birmingham a short time before and was not over 20 miles from that place, the engine being derailed at Prescott siding. The body of Noble was found at 10 o'clock Friday night.

BILL ONEAL CUT A WOMAN'S THROAT

Brutal Murder of Negro Woman by Man at Micanopy Saturday.

CALLED WOMAN FROM HOUSE

Of Friends Where She Was Visiting, and Without Warning Almost Severed Head With a Razor—Oneal Made Escape, and Has Not Been Captured.

"Bill" Oneal, a negro who has for sometime been employed on the naval stores farm of Colson & Gay at Micanopy, committed murder in cold blood Saturday night, taking the life of a woman whom he called his wife, and with whom he had been living, but to whom he was not married. Crazed with jealousy, and probably imbibing too freely of that beverage which will make a hog out of a human being if his nature is moulded that way, he went to another house in the quarters where the woman was visiting friends, called her to the gate, and, without a word of warning, cut her throat from ear to ear with a razor, from which it is said the woman died instantly.

Several negroes witnessed this heart-rending and brutal scene, which occurred under a bright moonlight, but it was so sudden and unexpected that it was done before anyone could make an attempt to assist the unfortunate victim.

After he cut the woman's throat, Oneal drew a pistol from his pocket and threatened to kill the first person who approached him. He backed off for a few yards, pistol in hand, when he suddenly turned and made his escape. Notwithstanding that the officers were promptly notified and began a search, the negro had not been captured up to Monday night.

SHOOTING AT CLARK.

Superintendent Priest Was Compelled to Shoot a Colored Man.

Information has reached this city of a shooting affray at Clark, in one of the mines of the Dutton Phosphate Company, which occurred Sunday. No particulars can be learned of this matter, other than the fact that a negro, the name of whom could not be learned, attempted to assault Superintendent Priest, a mine superintendent, when it was necessary to shoot him to prevent him from doing bodily harm.

Dr. G. W. Tanner of High Springs was called to attend the negro. He found his condition quite serious, but after working with him for some time left him greatly improved.

Pain From a Burn Promptly Relieved by Chamberlain's Pain Balm.

A little child of Michael Strauss of Vernon, Conn., was recently in great pain from a burn on the hand, and as cold applications only increased the inflammation, Mr. Strauss came to Mr. James N. Nichols, a local merchant, for something to stop the pain. Mr. Nichols says: "I advised him to use Chamberlain's Pain Balm, and the first application drew out the inflammation and gave immediate relief. I have used this liniment myself and recommend it very often for cuts, burns, strains and lame back, and have never known it to disappoint." For sale by all druggists.

A Special Meeting.

Alachua Camp No. 5, Woodmen of the World, will hold a special meeting at the office of Dr. J. M. Dell at 8 o'clock this evening for the purpose of transacting some important matters relative to the big log-rolling to be held here on the 13th inst. A full attendance is desired.

J. B. BROOKS, C. C.
L. A. JERNIGAN, CLERK.

Dr. Finn's Testimony Interesting.

Dr. Thomas Finn of Boonsboro, Mo., who has practiced medicine for 32 years, says he has used every prescription known to the profession for treatment of kidney and bladder diseases, and says he has never found anything so effective in both chronic and acute kidney and bladder trouble as Foley's Kidney Cure. It stops irregularities and builds up the whole system. J. W. McCollum & Co.

Longworths Leave Sagamore Hill.

Oyster Bay, Sept. 10—Mr. and Mrs. Nicholas Longworth left Sagamore Hill Friday for Cincinnati. Speaking of the political situation in Ohio, Mr. Longworth said he had not been a candidate for delegate to the state convention. He said that he expected no opposition in the congressional nomination.

What is a Backache?

IT IS NATURE'S WARNING TO WOMEN

Diseases of Woman's Organism Cured and Consequent Pain Stopped by Lydia E. Pinkham's Vegetable Compound.

"It seems as though my back would break." Women utter these words over and over again, but continue to drag along and suffer with aches in the small of the back, pain low down in the side, "bearing-down" pains, nervousness and no ambition for any task.

Miss Maude Morris

They do not realize that the back is the mainspring of woman's organism, and quickly indicates by aching a diseased condition of the female organs or kidneys, and that the aches and pains will continue until the cause is removed.

Lydia E. Pinkham's Vegetable Compound has been for many years the one and only effective remedy in such cases. It speedily cures female and kidney disorders and restores the female organs to a healthy condition.

"I have suffered with female troubles for over two years, suffering intense pain each month, my back ached until it seemed as though it would break, and I felt so weak all over that I did not find strength to attend to my work but had to stay in bed a large part of the first two or three days every month. I would have sleepless nights, bad dreams and severe headaches. All this undermined my health.

"We consulted an old family physician, who advised that I try Lydia E. Pinkham's Vegetable Compound. I began taking it regularly and soon found that I could sleep and eat better than I had done for months. Within two months I became regular and I no longer suffer from backache or pain."—Miss Maude Morris, Sec. Ladies' Aid and Mission Society, 85 E. Hunter St., Atlanta, Ga.

Reform Mayor Was Indicted.

Memphis, Sept. 10—Police Commissioner Bruce, of this city, was indicted by the Shelby county grand jury for non-feasance in office for permitting his sales stable to be used as a passageway of a saloon whose proprietor had been indicted for keeping his saloon open on Sunday. The closing of saloons on Sunday is a state law and its enforcement is being rigidly carried out in this city. Mr. Bruce was recently elected to the office he holds on a reform movement ticket.

WAS A VERY SICK BOY

But Cured by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

"When my boy was two years old he had a very severe attack of bowel complaint, but by the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy we brought him out all right," says Maggie Hickox of Midland, Mich. This remedy can be depended upon in the most severe cases. Even cholera infantum is cured by it. Follow the plain printed directions and a cure is certain. For sale by all druggists.

Two Killed in Collision.

Wheeling, W. Va., Sept. 10.—Two persons were killed and ten injured in a head-on collision of two passenger trains Saturday morning at Woodland, Marshall county, 24 miles south of here, on the Ohio division of the Baltimore and Ohio railroad.

She Found Relief.

If you are troubled with liver complaint and have not received help read this. Mrs. Mary E. Hammond, Moody, Texas: "I was in poor health—with liver trouble—for over a year. Doctors did me no good and I tried Herbine, and three bottles cured me. I can't say too much for Herbine, as it is a wonderful liver medicine. I always have it in the house. Publish where you wish." Sold by W. M. Johnson.

Will Be Sent South.

Washington, Sept. 10.—When the North Atlantic fleet completes its target practice and maneuvers it will rendezvous at Hampton Roads for repairs.

AN EXCITING RUNAWAY.

Horse Belonging to E. H. Smith Makes Things Lively.

A runaway which created a great deal of excitement occurred on East Union street Monday morning, when a horse belonging to E. H. Smith, superintendent of the naval stores interests of the Cummer Lumber Company at Tioga, took a start from the front of the postoffice.

The animal darted into Union street, and ran into the buggy of W. S. Campbell, almost overturning the vehicle. A few feet further the buggy of Mr. Smith was completely overturned, the shafts being detached, when the animal made a bold dash down Union street.

Strange to say, there was no serious damage to either team. The buggy of Mr. Campbell sustained a broken spoke in the left rear wheel, while the vehicle of Mr. Smith was not damaged at all. The horse was injured in the left hind leg, however, and it was necessary to take the animal to a vetinary, when the wounds were properly attended to. The horse is a very valuable animal, being of highly pedigreed stock.

It was a miracle that the runaway, with so much turning and twirling, did not result more disastrously to the vehicles. At any rate, it goes to show that they were made of the right material. Mr. Campbell's buggy was turned almost topsy-turvy, while the vehicle of Mr. Smith, the top of which was up, was turned completely over and set on its feet again. The shafts were detached as the buggy turned, which released the horse, and not even a bend occurred from the accident.

Order of Hoo Hoos Convenes.

Oklahoma City, Okla., Sept. 10—The Order of Hoo Hoos met here Saturday in annual convention and will remain in session until next Wednesday night. Over 2,000 members are expected before the convention gets down to actual business. Large delegations from Louisiana, Arkansas and other southern regions are here and others are on the way.

Chamberlain's Cough Remedy Acts on Nature's Plan.

The most successful medicines are those that aid nature. Chamberlain's Cough Remedy acts on this plan. Take it when you have a cold and it will allay the cough, relieve the lungs, aid expectoration, open the secretions and aid nature in restoring the system to a healthy condition. Thousands have testified to its superior excellence. It counteracts any tendency of a cold to result in pneumonia. Price 25 cents. Large size, 50 cents. For sale by all druggists.

Report on Cotton Crop.

Washington, Sept. 10—The department of agriculture has announced that on Monday next at 1 o'clock there would be issued a report of the condition of cotton in the United States. This report will be the first of those issued simultaneously with the ginners' report of the census bureau as required by a provision in the last agricultural appropriation act.

Men Past Sixty In Danger.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years, and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." J. W. McCollum & Co.

Coca Cola Soked with Gin.

Huntsville, Ala., Sept. 10—Thirteen drinks of coca cola spiked with gin resulted in sudden death to T. E. Hensley, a young man of this city. Hensley went home drunk and after retiring with his brother, apparently fell asleep. In a short time his brother was awakened and thought that Hensley was having a nightmare. Hensley died in convulsions a few moments later. An investigation was had by the coroner and after hearing testimony that Hensley got full on gin and coca cola, the jury rendered a verdict that his death was brought about by immoderate use of the concoction.

Nervous?

There are many causes of nervousness, but poor blood heads the list. The doctors call it anemia. The blood lacks red corpuscles. At your first opportunity, consult your doctor about taking Ayer's Sarsaparilla. Ask him if he has anything better for weakness, debility, nervousness. If he has, take it. If not, take Ayer's Sarsaparilla. Get well, that's what you are after. We have no secrets! We publish the formulas! Tell your doctor! J. C. Ayer Co., Lowell, Mass.

MALARIA AN INSIDIOUS FOE TO HEALTH

Malaria is an atmospheric poison which we unconsciously breathe into our lungs through the impure air arising from low, marshy places, stagnant ponds, damp cellars, sewer pipes, improperly ventilated houses, decaying vegetable matter, etc. Day after day these germs and poisons are taken into the lungs, and as the blood passes through them it becomes infected with the poison and in its circulation distributes the microbes of disease to all parts of the body. Malaria is a very insidious disease; it gives no warning of its coming until the circulation is filled with the poison and this foe to health has the system at its mercy. The blood becomes polluted, thin and weak and its slow, irregular circulation fails to properly nourish and strengthen the body. Then the entire system is attacked; and if the germs and poisons of Malaria are allowed to remain the strongest constitution will break down. No one can feel well when the system is in a malarial condition; the vitality is weak, the appetite poor, digestion deranged, the complexion grows sallow and the entire body feels the effects of the poison. Malaria must be removed from the system through the circulation and the only medicine that can accomplish this is S. S. S. It not only cleanses the blood of all unhealthy, morbid matter, but destroys the germs, cures Malaria and restores this vital fluid to a strong, healthy condition. S. S. S. is made of roots, herbs and barks combining purifying and tonic properties which keep the blood free of all poisons and the system in perfect condition. While destroying the germs of Malaria and building up the weak, polluted blood S. S. S. gives tone and vigor to the entire system. Book on the blood and any medical advice without charge.

WOODMEM TO HAVE BIG LOG ROLLING

Members of Jacksonville Camp Will Be On Hand.

A FINE TIME EXPECTED

The Members of Alachua Camp Have Been Through the Forest and Felled Many Trees, and the Visiting Foresters Will Have Plenty to Do.

There's going to be a big time in the forest of Alachua Camp No. 5, Woodmen of the World, on the evening of Thursday, the 13th inst. The Woodmen from Jacksonville are coming down to assist the boys of Alachua Camp, and one of the biggest log-rolling times in the history of the order in this State, with exception of the grand log-rolling in Jacksonville a few weeks ago, is anticipated. The Gainesville boys have "felled the trees," which are now laying in the forest, ready to be rolled up and congregated, and a hot old time is expected when the Woodmen get their efforts together in this object.

Probably no order in Gainesville has grown more within the past six months than the Woodmen of the World. Not less than fifty new members have been taken in, and a great and deep interest is being taken in the order. Not a meeting passes but there are from three to five candidates, and there is yet plenty of material, already elected, upon which to confer degrees. Consequently, there will be no trouble in having sufficient material at this log-rolling to demonstrate to the visiting foresters that Alachua Camp has the material—and knows how to work it.

Consul Commander J. B. Brooks, as well as other officers of Alachua Camp, have been at work making arrangements for several weeks for this meeting. The Jacksonville boys will come in full strength on a special train, and will be entertained by the local camp. Rooms will be provided, but Commander Brooks good-naturedly declares that they will not need them when Alachua Camp gets through, as there are many logs to pile and many fires to build, which may keep them busy until daylight.

All Woodmen throughout Florida and elsewhere are cordially invited to this feast, which will be one of the greatest in the history of the order in Florida.

A Clear Complexion and Bright Eyes

In most cases a sallow, blotched complexion and dull heavy eyes are due to poor digestion and an inactive liver. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels and makes the complexion smooth and clear. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. J. W. McCollum & Co.

DEATH OF MR. ROSE.

One of Alachua County's Oldest Citizens Has Passed Away.

Thomas E. Rose, eighty-seven years of age, died at Evinston Saturday morning at 6 o'clock of heart failure, after an illness of only four hours.

Deceased appeared as well as usual Friday, eating three hearty meals. About 2 o'clock Saturday morning, however, friends were attracted to his room by groans, when they discovered that there was something serious. A physician was summoned, but at 6 o'clock he succumbed to his fate—heart failure, and died like he had lived—quiet and peaceful.

Deceased was a veteran of two wars. He was born in Elbert county, Georgia, October 23, 1819. He served in the Indian war of 1836, and after the war was married to Miss Emiline Atwater of Upson county, Georgia, in 1843. His dear wife died in 1862, near the home of her birth.

Mr. Rose was also a veteran of the Civil War, having served the Confederacy faithfully and efficiently.

In 1882 deceased came to Florida, settling near Evinston, where he engaged in trucking and orange growing. At the time of the fatal freeze he had one of the prettiest and most profitable groves in that section, but, like all others, his interests were swept out in one night, and he was compelled to start the foundation for a new fortune, and at the time of his death he had been quite successful in that direction.

Mr. Rose was a Christian gentleman, and has been for the past sixty-five years a member of the Methodist Episcopal Church, South. He was buried at McIntosh Saturday morning, Rev. E. A. Gray, the Methodist minister of Micanopy, officiating.

Deceased is survived by one son, E. W. Rose of Atlanta, Ga., fifty-nine years old, who was present at the funeral, having been summoned by wire.

An Ounce of Prevention

Is worth a pound of cure. There are many poor sufferers, consumptives, who are hopeless of getting well—who, if they had taken care of themselves, would now be well. A cough is the foundation of consumption. Ballard's Horehound Syrup will cure that cough. Mrs S——, Great Falls, Montana, writes: "I have used Ballard's Horehound Syrup in my family for years—my children never suffer with coughs." Sold by W. M. Johnson.

$300,000 Fire Loss.

Denver, Colo., Sept. 10—Fire in the refinery plant of the Argo Smelter caused a loss estimated at over $300,000 on the building and furnaces. Bullion and partially refined metal valued at $75,000, were melted by the fire, causing a loss of several thousand dollars.

NOTICE OF ELECTION

Under and by virtue of the power and authority vested in me, I. A. M. Cushman, Acting Mayor of the City of Gainesville, Florida, do hereby call a

SPECIAL ELECTION

To be held in said city on the

9th Day of October, A. D. 1906,

for the purpose of submitting to the electors qualified to vote at said election the question whether or not the ordinance to amend Section Two (2) of the Charter provisions of said city, as proposed by said ordinance, shall be approved by the affirmative vote of a majority of all the electors qualified to vote at said election, or if a majority of all the qualified electors shall not have voted at said election, then, whether or not said ordinance shall be approved by the affirmative vote of a majority of the votes cast upon said proposition.

The polling place for said election shall be in the rear of the Municipal Building on East Main and Mannise streets.

The polls shall open at eight o'clock a. m. and close at sundown of said day.

John W. Tench, D. A. Richardson and F. E. Miller are hereby appointed managers, and A. J. DuCross clerk of said election.

Witness my hand and the seal of said City of Gainesville, Florida, on this 10th day of August, 1906.

A. M. CUSHMAN, Acting Mayor.
Attest: J. D. DELL, City Clerk.

The Cleanest Chew Made!

Schnapps

If you could see how SCHNAPPS is made and sniff the delightfully appetizing aroma of the thoroughly cured, well matured tobacco of which it is made, you would discover the reasons for the big difference between SCHNAPPS and its imitators.

SCHNAPPS is clean! The Reynolds factories are as clean as the cleanest kitchen—the tobacco in manufacture is scarcely touched by human hands—with special machinery to cleanse the leaf and produce clean chewing tobacco.

When such scrupulous care is taken with the choicest selections of tobacco from America's finest chewing tobacco districts, can you wonder that SCHNAPPS is so satisfying, so pure, so appetizing and wholesome—so different from chews that pretend to be as good? Expert tests prove that this superior tobacco requires and takes a smaller amount of sweetening than any other kind—and has a wholesome, stimulating and satisfying effect on chewers.

Be sure the letters on the tag and under the tag spell S-c-h-n-a-p-p-s. The Reynolds Company is under the direction of the same men who have managed it since 1875 and who have made the chewing tobacco business a life-study.

There are plenty of plugs that look like Schnapps, without the same satisfying chewing qualities.

Half-Breed Kills His Wife.

Eufaula, I. T., Sept. 10—Henry Potts a half-breed Indian, after killing his wife, attacked and badly wounded Deputy Marshal Deprist, who attempted to effect his arrest. Potts had previously been wounded by Deprist, and was taken only after he was beaten into insensibility by an officer who came to Deprist's relief. Potts was handcuffed and wrapped with barbed wire and brought to this place. Later he was taken to Moskogee.

All indications point to a large crop of oranges. It is said the crop will run 90 per cent brights with the flavor unexcelled in the past.

Call money was bid up to forty per cent on Wall street in New York last week. This rate was of short duration, however, the price soon receeding to the normal rate of five per cent.

Harry H. Buckman, State Senator from Duval county and author of the famous Buckman School Law, has taken unto himself a wife, having been united in wedlock on the 6th inst. in Philadelphia to Miss Katherine Pillsbury, formerly a Jacksonville stenographer.

The large acreage of hardwoods in close proximity will some day attract the attention of manu factures of furniture and cause this city to become the furniture manufacturing centre of the South. The supply is abundant, and the varieties comprise nearly all growing in the United States.

It is claimed that quail will be unusually scarce this year, the young birds having been drowned in the nests by the heavy rains of the spring. An effort will be made at the next session of the Legislature to prohibit the killing of these birds at any season of the year for at least two years.

It having been demonstrated that permanency in construction of streets is cheapest in the end, Ocala will hereafter use only vitrified brick for paving purposes. If such material had been used in Gainesville ten years ago on the main streets, we would today be pointing with pride to well paved streets, instead of having to wade through mud knee-deep after every rain—and that, too, at far less cost than has been expended in the use of material which it had been demonstrated was unfit for paving where the streets are frequently used by vehicles.

EXPRESS COMPANIES PLUNDERDERING.

It's rather amusing to hear from the express companies' attorneys that the public never complained of the high rates charged by those corporations. Perhaps, now the express business is under the control of the Interstate Commerce Commission, the express magnates will soon discover there are outraged customers of all the express companies, who have long protested at the high rates charged, but never officially filed their complaints, knowing from experience it was useless to do so. Those who find express rates are unreasonably high should lose no time in sending their complaints to the Interstate Commerce Commission, with a statement of the rate charged and the facts about the shipment complained of. From the evidence brought to light in the fight of the Adams Express Company shareholders for larger dividends it was shown that the corporation had millions of surplus and was earning nearly 40 per cent. Evidently the rates of that corporation should be, at least, reduced to one-third of the present rates.

It is well to note that railroad magnate Harriman, who we have been informed "stands upon a higher plane" than other people, owns the controlling interest of that plundering corporation.

Editor Caldwell in the Jasper News, says the Times-Union Short Talks, takes issue with Col. Sidney Herbert who stated in the Savannah News that Osceola, the noted Seminole chief who gave the United States so much trouble in the Seminole war, was born in Alabama and that his parents were an Englishman and an Indian woman named Polly. Editor Caldwell says Rev. Hanson Cheshire, who came to Hamilton county in 1825 and has been dead only a few years, told him that Osceola, who was at that time a boy living in that vicinity, was the son of a Georgia cracker, Bill Powell, and a full blooded Indian, Sallie Maree. Osceola was born on the border of the Okeefenoke Swamp, but whether on the Florida or the Georgia side the old clergyman did not know. One day, while Osceola, then grown up, his family and other Indians were at White Springs, some white men shot into the crowd of Indians from across the river and killed the baby which was playing on his brest as Osceola lay upon the ground. From this originated his intense hostility to the whites. This is an interesting varient from the published histories.

About three years ago President Roosevelt issued an executive order forbidding postal clerks and letter carriers from joining labor unions. The postal clerks of Chicago, Milwaukee, Louisville, Nashville, Salt Lake City and San Francisco met in Chicago, August 28, and formed a National union in defiance of that order. Ugh! Hwot wil the fonetic filosofer and flabergaster du about it, tho? Wil he cri "delited," az ushual hwen he gets a gud hard kik?

Judge Seaman of the federal court at Milwaukee, says The Tampa Times, has just decided that suppressed patents—those covering improvements which are bought up and not put to use—may be infringed upon with impunity by manufacturers who wish to use them. He holds that the patent laws are designed to be beneficial and promotive and that the buying up and burying of valuable patents is in restraint of trade and therefore illegal. This sounds like a good decision.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. CHENEY & Co., Toledo, Ohio.

Sold by druggists, 75c.

Take Hall's Family Pills for constipation.

The tightest trade union in this country is that of the diamond cutters. There are something less than 280 of them altogether and they form a branch of the central union at Amsterdam. An expert diamond cutter is paid by the week and receives $125 for his six days' work. The lowest wages are $35 a week. The setters, who place the uncut diamond in cement to be cut, make $60 a week. They work when they like, and can enforce idleness on the cutters when they feel so disposed. In one diamond cutting factory in New York City the workmen announced their intention to take a week's holiday and did so, taking another week after a few days' resumption of work. The employers are absolutely helpless and nothing but the high price created by the artificial scarcity of diamonds enables them to carry on business at all.

In the past several years Cuba has made remarkable progress in her internal development. Her railroads are growing, her highways have been improved, her plantations are being restocked with cattle, her people are settling down to a degree of comfort which they have not experienced for decades, and the main lines of improvements are working out in city and country alike. European as well as American steamship lines are finding in the inland maritime freight worth striving for. The sugar industry has recovered to the point of its highest prosperity before the war of 1898. This would seem to be a time for differences to be forgotten, when the government is on a sound footing financially, and has something like thirty million dollars in its treasury.

The Southern Cotton Association has fixed the minimum price of this year's crop of short staple cotton at ten cents. If the growers will stand by the Association and exercise judgment in marketing their cotton there will be no difficulty in obtaining this price, otherwise they need not be surprised to see seven cent cotton before the close of the year.

The Sun sympathizes with the Dodd Bros. in the damage by fire to the Lake City Citizen-Reporter printing plant. Having had a similar experience we are aware of the inconvenience under which they labor. The special Trade Edition will appear on time, on or about October 15th, notwithstanding the loss they have sustained. Plucky boys, success to you.

UNHAPPINESS DISPELLED.

Men and Women Unanimous About It.

Many women weep and wail and refuse to be comforted because their once magnificent tresses have become thin and faded. Many men incline to profanity because the flies bite through the thin thatch on their craniums. It will be good news to the miserable of both sexes, to learn that Newbro's Herpicide has been placed upon the market. This is the new scalp germicide and antiseptic that acts by destroying the germ or microbe that is the underlying cause of all hair destruction. Herpicide is a new preparation, made after a new formula on an entirely new principle. Anyone who has tried it will testify as to its worth. Try it yourself and be convinced. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

Glynn's Big Rice Crop.

Brunswick, Ga., Sept. 10—The planters of Glynn county have commenced to harvest their rice crops, and all available labor is as usual engaged in the harvesting. Evelyn and Hofwyl plantations, which are the largest in this county, report an unusually large rice crop this year. The weather conditions have been ideal, and the large average yielded bountifully. At this particular time of the year, however, the planter always runs a great risk of losing a large part of the crop through the overflowing of the rice fields. This is the season for the strong northeasterly and equinoxial gales, which blow the tides inland, causing them to overflow the river banks and destroy whatever grain remains unharvested. The rice culture in this county is the chief agricultural pursuit, and has made several small fortunes for the more progressive ones.

ONE MAN KILLED; THREE HURT

Gasolene Tank Explodes at Lakeland, Florida.

Waycross, Ga., Sept. 10—The body of a white man and three negroes were brought to Waycross on the Atlantic Coast Line hospital car from Lakeland, Fla., at a late hour Friday night.

The white man was dead and the negroes probably fataly injured as the result of the explosion of a gasolene tank in the Lakeland shops, while being brought to Waycross. He was carried to an undertaking establishment and prepared for burial. The negroes were carried to the hospital.

It was impossible to learn the name of the white man, who died.

A head-on collision on the High Springs division of the Atlantic Coast Line delayed the train on which were the men, and rumors were in circulation that the wreck had caused the death and injury to the men.

Railroad authorities decline to give any information as to the identity of the dead man.

"To Cure a Felon"

Says Sam Kendall, of Philipsburg, Kan., "just cover it over with Bucklen's Arnica Salve and the salve will do the rest." Quickest cure for burns, boils, sores, scalds, wounds, piles, eczema, salt rheum, chapped hands, sore feet and sore eyes. Only 25c at all drug stores. Guaranteed.

Executors Settle Action.

New York, Sept. 10.—An accounting filed with the surrogate by the executors of the estate of William Zeigler disclosed for the first time that $2,155,000 was paid by the executors to settle the action instituted by Mr Zeigler's widow to have the instrument declared invalid.

Well Worth Trying.

W. H. Brown, the popular pension attorney of Pittsfield, Vt., says: "Next to a pension, the best thing to get is Dr. King's New Life Pills." He writes: "They keep my family in splendid health." Quick cure for headache, constipation and billiousness. 25c guaranteed at all drug stores.

Women Sufferers Should use

HERBINE

FACE AND ARMS ALL BROKEN OUT

Troubled Almost a Year—Physicians Did No Good—Complexion Now Perfect and Skin Soft, White and Velvety. Tennessee Lady

"HIGHLY RECOMMENDS CUTICURA SOAP"

"I had been troubled with a breaking out on my face and arms for almost a year and had the services of several physicians, but they didn't seem to do any good. Some time ago one of my friends recommended Cuticura to me. I secured some, and after using it several months I was completely cured. I can highly recommend Cuticura Soap as being the very best complexion Soap made. It creates a perfect complexion, leaving the skin soft, white, and velvety. I now use Cuticura Soap all the time and recommend its use to my friends." Maud Loggins, R. F. D. No. 1, Aug. 1, 1905. Sylvia, Tenn.

ANOTHER CURE

"I have used the Cuticura Medicinal Toilet Soap for more than a year, and for cleansing, beautifying, and purifying the skin, it cannot be excelled. I have been trying for a long time to get something to take the pimples off my face, and since using Cuticura Soap I find that it is the very thing for diseases of the skin." G. W. King, Oct. 16, 1905. Cadiz, Ky.

STILL ANOTHER CURE

"I beg to say that I had a great deal of dandruff and after using many so-called cures, I started to use Cuticura Soap and am now no longer troubled with dandruff." Ida Maier, 1226 Seltzer St., Oct. 16, 1905. Philadelphia, Pa.

Sold throughout the world. Cuticura Soap, 25c., Ointment, 50c., Resolvent, 50c. (in form of Chocolate Coated Pills, 25c. per vial of 60), may be had of all druggists. Potter Drug & Chem. Corp., Sole Props., Boston, Mass.

Mailed Free, "How to Cure Baby Humors."

Death of Mrs. Slappy.

Mrs. J. J. Slappy, one of the oldest and most highly respected resident of the county, died at Micanopy on Thursday, after a brief illness. Deceased was a noble Christian lady, and one who was beloved by all who knew her for her charitable and genial nature. The funeral was held Saturday and was largely attended.

The Original.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.

Overruled the Motion.

Findlay, O., Sept. 10.—Judge Banker has overruled a motion to quash the information filed against John D. Rockefeller and all the Standard Oil cases. A plea of abatement was filed in each case and all were also overruled and the defendants given until next Tuesday to file motions.

General Robert E. Lee

Was the greatest general the world has ever known. Ballard's Snow Liniment is the greatest liniment. Quickly cures all pains. It is within the reach of all. T. H. Pointer, Hempstead, Texas, writes: "This is to certify that Ballard's Snow Liniment has been used in my household for years and has been found to be an excellent liniment for rheumatic pains. I am never without it." Sold by W. M. Johnson.

Train Holdup by Alabama Bandits.

Birmingham, Ala., Sept. 10—Meager details of a holdup of a Frisco passenger train near Adamsville, Ala., has reached this city. Whether the attempt was successful has not been as yet learned, but officers at Adamsville have telephoned the local authorities for bloodhounds. Nothing can be learned from the local Frisco officials.

DIES OF EATING TAINTED MEAT

Ptomaine Poison Caused Death of Mr. J. R. Hix.

Atlanta, Sept. 10.—J. R. Hix, of the Radium Springs Water company, died at the Grady hospital from ptomaine poisoning, supposed to have been caused by tainted meat which he ate in a restaurant last Monday. For three days Mr. Hix had been suffering intense pain.

Friends and relatives of the deceased are investigating the matter and in all probability will prefer charges against the owner of the restaurant if evidence can be collected. It is said by the friends of Mr. Hix that on arriving last Monday from Stockbridge, Ga., he stopped at a certain restaurant for his dinner, ordered meat and detecting some foreign taste, he made complaint to the manager, who insisted that the meat was good. He still found the bad taste in the meat after eating some more, and leaving the restaurant, was only a short distance away when he suddenly became very sick.

He hastened to his home and in a few hours was very ill and so continued, the efforts of a physician being unavailing. Thursday he was removed to the Grady hospital, where he died in great agony.

Suffers From Rate Law.

Dallas, Tex., Sept. 10—A special to the Times-Herald from Sherman, Tex., says that the cotton belt railroad is one of the sufferers as a result of the Hepburn rate law to the extent of several thousands dollars. Fifty cars of coal are tied up in the Denuison yards of Missouri, Kansas and Topeka railroad, as the Cotton Belt refuses to receive them at the advanced rate. The coal was for the railroad shops at Mount Pleasant. The Missouri, Kansas and Texas officials notified the Cotton Belt that under the new law the rate on coal shipped frof Lehigh, Pa., and billed to Mount Pleasant would be raised from 60 cents to $1.85 per ton. The Cotton Belt has made a protest, but so far without avail and the cars are held until advanced rate is paid.

Mell To Leave for Brazil.

Athens, Ga., Sept. 10—Jas. C. Mell, of this city, a son of the late Chancellor P. H. Mell, of the University of Georgia, has accepted the position tendered him by the government as an attache of the consulate at Pernambuco, Brazil, and will leace in a few days to take charge of that office.

Big Rattlesnake Killed.

Lizella, Ga., Sept. 10.—Messrs. C. R. and T. W. Raley, father and son, respectively, were hauling wood when Mr. T. W. Raley came near stepping upon a 5½ foot rattlesnake. They killed the snake, which had 18 rattles and shortly afterwards killed 18 smaller ones about 2 feet each.

If It's a Reputation

You are after, White's Cream Vermifuge has a world-wide reputation as the best of all worm destroyers and for its tonic influence on weak and onthrifty children. It improves their digestion and assimilation of their food, strengthens their nervous system and restores them to health and vigor natural to a child. GAINESVILLE, FLORIDA

PARK DRAMATIC COMPANY.

Return of This Popular Troupe Greeted by a Tremendous Audience.

The best evidence that the clever C. W. Park Dramatic Company, its proprietor, manager and members are still popular in Gainesville, was the crowded house which greeted them at the tent last night, upon the occasion of the opening night of a week's engagement. The big tent was crowded, only a few vacant seats being left.

The opening play was the four-act comedy drama, "Tennessee Partner," which was rendered in that clever manner for which the Park performers have made themselves famous. The dramatis personae was strong, and each member performed their duty with that ease and grace which impressed the audience and commanded the closest attention. The play is a pretty one, the plot well laid, with a noticeable absence of the thrilling positions which usually accompany a melodrama where firearms are brought so promiscuously into use. There was just a sufficient tinge of this feature to make the play all the more desirable, and it was pronounced one of the best ever seen in Gainesville.

Between the acts the audience was entertained by moving pictures, thus making a continuous performance throughout the evening.

Mr. Park and his company are gentlemanly, clever people, and produce a nice, clean preformance which is appreciated. They will always be popular socially and professionally in Gainesville.

The drama, "under Two Flags," one of the strongest numbers in the company's repertoire, will be presented tonight, and it is needless to add that the big tent will be crowded again. The tent is well lighted, the seats are comfortable, and especial care is taken to accommodate the partrons.

The Breath of Life.

It's a significent fact that the strongest animal of its size, the gorilla, also has the largest lungs. Powerful lungs means powerful creatures. How to keep the breathing organs right should be man's chiefest study. Like thousands of others, Mrs. Ora A. Stephens of Port Williams, O., has learned how to do this. She writes: "Three bottles of Dr. King's New Discovery stopped my cough of two years and cured me of what my friends thought consumption. O, it's grand for throat and lung troubles." Guaranteed by all druggists. Price 50c and $1.00. Trial bottle free.

What It Cost Him.

Mrs. Watts—There! We have cleared off the last of that church debt, and it never cost you men a cent. See what women can do. Mr. Watts—I don't know about the other fellows, but I know you have made me spend more than $100 for extra meals downtown while you were out monkeying around.

The First Sight.

Ethel—I understand it was a case of love at first sight between Jack and Miss Oldgirl. Maud—Yes, dear. But the first sight was at her bank book.

The Best Guaranty of Merit Is Open Publicity.

Every bottle of Dr. Pierce's world-famed medicines leaving the great laboratory at Buffalo, N. Y., has printed upon its wrapper all the ingredients entering into its composition. This fact alone places Dr. Pierce's Family Medicines *in a class all by themselves*. They cannot be classed with patent or secret medicines because they are neither. This is why so many unprejudiced physicians prescribe them and recommend them to their patients. They know what they are composed of, and that the ingredients are those endorsed by the most eminent medical authorities.

The further fact that neither Dr. Pierce's Golden Medical Discovery, the great stomach tonic, liver invigorator, heart regulator and blood purifier, nor his "Favorite Prescription" for weak, overworked, broken-down, nervous women, contains any alcohol, also entitles them to a place all by themselves.

Many years ago, Dr. Pierce discovered that chemically pure glycerine, of proper strength, is a better solvent and preservative of the medicinal principles residing in our indigenous, or native, medicinal plants than is alcohol; and, furthermore, that it possesses valuable medicinal properties of its own, being demulcent, nutritive, antiseptic, and a most efficient antiferment.

Neither of the above medicines contains alcohol, or any harmful, habit-forming drug, as will be seen from a glance at the formula printed on each bottle wrapper. They are safe to use and potent to cure.

Not only do physicians prescribe the above, non-secret medicines largely, but the most intelligent people employ them—people who would not think of using the ordinary patent, or secret medicines. Every ingredient entering into the composition of Dr. Pierce's medicines has the strongest kind of an endorsement from leading medical writers of the several schools of practice. No other medicines put up for like purposes has any such professional endorsement.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. One "Pellet" is a gentle laxative, and two a mild cathartic. Druggists sell them, and nothing is "just as good." Easy to take as candy.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's **Swamp-Root**, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

DEATH OF MR. DAMPIER.

One of Alachua's Old Citizens Passed Away at Hague Sunday Night.

Information reached this city Monday of the death of Stephen Dampier, which occurred at his home near Hague Sunday night.

Deceased was more than eighty years of age. He was a native of Georgia, but has been for more than fifty years a resident of Alachua county, and his death will be regretted by all the people of the county.

Deceased is survived by a widow, four sons, John, Philip, William and George, and four daughters, Mesdames J. Tidwell, J. A. Roberts, John R. Hague and P. Quintice Cason, to whom the sympathy of the community is extended.

The funeral will be held today, the interment being in Antioch cemetery. Rev. Mr. Bell, the Methodist minister, will officiate.

Notice.

W. C. McHale of Jacksonville came here a few days ago to work on the University buildings. I furnished him groceries for a week, when he drew his salary on Friday night and left Gainesville on Saturday morning without saying good-bye. He wears a deputy sheriff's badge, and claims to hold a deputy sheriff's commission from St. Johns county. Has two fingers off right hand. Look out for him, and govern yourselves accordingly. M. B. Saunders.

Important Correction.

Under the terror in France people learned to be excessively cautious in all they said and still more cautious in what they wrote.

An old letter is said to be in existence of the revolutionary period in which the author had at first written to a friend, "I write under the reign of a great emotion."

Then, apparently reflecting that it was dangerous to speak of "reigns" at such an epoch, he amended the sentence thus:

"I write under the republic of a great emotion."

Forethought.

"That fellow Mulkley you were engaged to at one time may have some of your old love letters, may he not?" asked the husband. "And aren't you afraid he might be cad enough to"—

"Not a bit," replied the wife decisively. "He knows I've got a trunkful of his love letters to reciprocate if he ever does."—Judge.

Helped His Ambition.

"Thank you, judge," said the prisoner sentenced to thirty days on bread and water.

Seeing that the magistrate was puzzled, he explained that he long had desired to try the simple life, but lacked the courage to begin.—Philadelphia Ledger.

An Exception.

Mrs. Peagreen—Is 13 always an unlucky number?

Not when you hold all of the trumps in a game of whist.—Kansas City Independent.

Diagnosis.

Knicker—My wife says she feels like an old rag. Bocker—Then the only cure is to buy her some new ones.—New York Sun.

NAPOLEON'S ACCOUNT BOOK

Some Entries Made During His Exile at St. Helena.

There was recently sold in London the last book of accounts of Napoleon at St. Helena, from 1818 to 1821. The expenses are classified by month and were kept by Pierron, the ex-emperor's maitre d'hotel, with entries by Montholon.

There are many corrections in pencil by the august exile himself, for he verified all the accounts and changed English money, where it was used, into francs. Some of the entries are highly interesting. Thus, on Aug. 15, 1819, the fete of the emperor, here is one by Montholon: "Artificial flowers, £5. Extraordinary expenses, £1 5s."

Napoleon's resources at St. Helena were very modest, but his tradesmen, as regarded their prices, never forgot that he was an emperor—though an exiled one. Among other occupations to while away the time that hung so heavily on his hands, Napoleon went in for gardening, and among the entries are found: "Four watering cans, £1 8s.; 2 pairs of pruners, £3; 2 axes, £4 10s."—prices which look as if the exile was simply regarded as a subject for fleecing. "For mending the emperor's bed" £2 is charged.

Toward the end of his life Napoleon's nourishment consisted almost entirely of chickens, pigeons, and eggs, and there are numerous entries for medicines. In March, 1821, for instance, thirty bottles of sirup, one case of prunes, two cases of Burgundy plums; in April, ten bottles of sirup, eight dozen oranges, eight dozen lemons.—London Globe.

Starving to Death.

Because her stomach was so weakened by useless drugging that she could not eat, Mrs. Mary H. Walters of St. Clair St., Columbus, O., was literally starving to death. She writes: "My stomach was so weak from useless drugs that I could not eat, and my nerves so wrecked that I could not sleep; and not before I was given up to die was I induced to try Electric Bitters, with the wonderful result that improvement began at once, and a complete cure followed." Best health tonic on earth. 50c. Guaranteed by all druggists.

Negro Killed at West Point.

West Point, Ga., Sept. 10.—On the Hutchinson place, in Harris county, a quarrel between two negros, Paul Culberson and Lank Davidson, resulted in the killing of Davidson. The dispute was about a negro woman.

NOTICE OF ELECTION.

Whereas, The Legislature of 1905, under the Constitution of 1885, of the State of Florida, did pass five Joint Resolutions proposing Amendments to the Constitution of the State of Florida, and the same were agreed to by a vote of three-fifths of all the members elected to each House; that the vote on said Joint Resolutions were entered upon their respective Journals, with yeas and nays thereon, and they did determine and direct that the said Joint Resolutions be submitted to the electors of the State at the General Election in November, 1906.

NOW, THEREFORE, I, H. CLAY CRAWFORD, Secretary of State of the State of Florida, do hereby give notice that a

GENERAL ELECTION

will be held in each County in Florida on Tuesday next succeeding the first Monday in November, A. D., 1906, the said Tuesday being the

SIXTH DAY OF NOVEMBER,

for the ratification or rejection of the said Joint Resolutions proposing Amendments to the Constitution of the State of Florida, viz:

ARTICLE XXVIII.

That the following amendment to Article XVI of the Constitution of the State of Florida be and it is hereby agreed to and shall be submitted to the electors of the State at the general election, to be held on the first Tuesday after the first Monday in November, A. D., 1906, for ratification or rejection.

Section 32. The Governor, the Comptroller, the State Treasurer, the Attorney-General and the Commissioner of Agriculture of the State of Florida, and their successors in office, are hereby constituted and designated as a board of drainage commissioners, and are hereby authorized and empowered to establish a system of canals, drains, levees, dikes and reservoirs of such dimension and depths, as in the judgment of said board of drainage commissioners is deemed advisable, to drain and reclaim the swamp and overflowed lands within the State of Florida, or such parts or portions thereof as is deemed best by said board of drainage commissioners from time to time, and to provide for the irrigation of the lands reclaimed, and to maintain such canals, drains, levees, dikes and reservoirs in such manner as will be most advantageous to the territory so drained, the State of Florida, its inhabitants and the commerce thereof.

Section 33. That the board of drainage commissioners are hereby authorized and empowered to establish drainage districts and fix the boundaries thereof in the State of Florida. That the board of drainage commissioners be and it is authorized and empowered to prepare a list or lists of all the lands of swamp and overflowed taxable lands within such drainage district or districts, and levy thereon an acreage tax not exceeding ten cents per acre per annum to be fixed annually by said board of drainage commissioners, and the various tax assessors of the various counties embraced in part or in whole within such drainage district or districts shall receive such list or lists and enter the same upon the tax rolls of the county or counties in which such lands may lie and the amount so levied by the board of drainage commissioners in such manner and form as may be prescribed by the board of drainage commissioners from time to time, which amounts shall be collected by the various tax collectors of the counties wherein such levees have been made as other taxes are collected in accordance with law, and pay over said amounts collected to the board of drainage commissioners; said commissioners shall have a lien superior to all other liens upon the taxable lands in any such drainage districts to be enforced by tax levy, for the cost of any work done under the provisions hereof, or done prior to the adoption of this amendment, under the provisions of an act of the Legislature passed in 1905.

Section 34. That the board of drainage commissioners be and it is authorized to exercise the right of eminent domain in the condemnation of land for the location of its canals, drains, levees, dikes and reservoirs for the purpose aforesaid and may enter upon, take and use such land as it may, pending condemnation proceedings, deem necessary for such purposes, and in ascertaining the compensation to be paid for such land or right of way, benefits to be derived from such drainage shall be considered by the jury.

Section 35. The Legislature may provide for the assessment of benefits derived by and by reason of such drainage, and the collection thereof; the proceeds therefrom shall be paid to the board of drainage commissioners to be used by them for such drainage purposes.

Approved May 27, 1905.

ARTICLE XXIX.

That Section nine (9) of Article five (5) of the Constitution of the State of Florida be and the same is hereby amended so as to read as follows, viz:

Section 9. The salary of each Justice of the Supreme Court shall be four thousand (4,000) dollars a year. The salary of each Circuit Judge shall be three thousand five hundred ($3,500.00) dollars a year."

That the foregoing amendment to Section 9, Article V of the Constitution is hereby agreed to and the same shall be submitted to the electors of the State for approval or rejection at the next general election of representatives as required by Section 1, Article XVI of the Constitution.

Approved May 31st, 1905.

ARTICLE XXX.

That the following amendment to Article V of the Constitution of the State of Florida, relative to the Judiciary Department to be known as proposed section 39 of said Article V, be and the same is hereby agreed to and shall be submitted to the electors of the State at the general election to be held on the first Tuesday after the first Monday in November, A. D., 1906, for ratification or rejection, to-wit:

Section 39. That annual salary of the Judge of each of the Criminal Courts of Record now or hereafter to be, established shall be fixed quarterly by the county where such court is established, and shall be as follows: In counties of less than fifteen thousand population, one thousand dollars; in counties of from fifteen thousand population, one thousand dollars, in counties of from fifteen thousand to twenty-five thousand population, fifteen hundred dollars; in counties of from twenty-five thousand to thirty-five thousand population, two thousand dollars; and in counties of more than thirty-five thousand population, twenty-five hundred dollars, hereby repealing any and all parts of the said Constitution in conflict herewith.

Approved June 6, 1905.

ARTICLE XXXI.

That the following amendments to Article V of the Constitution of the State of Florida, relative to the Judiciary Department, to be known as proposed Sections 40, 41, 42, 43, 44, 45, 46 and 47, of said Article V, be and the same are hereby agreed to and shall be submitted to the electors of the State at the general election to be held on the first Tuesday after the first Monday in November, A. D., 1906, for ratification or rejection, to-wit:

Section 40. There shall be established in the County of Escambia, whenever the voters of said county shall so determine by a majority of the votes cast, on the question at any general election, a court of record and there shall be a judge of said court who shall be appointed by the Governor and confirmed by the Senate, who shall hold his office for six years and whose salary shall be two thousand, five hundred dollars a year, payable quarterly by the county of Escambia. The criminal court of record now established in Escambia county shall, upon the adoption of these amendments become and be the court of record as herein provided and all officers of such criminal court of record shall be officers of such court of record and discharge the duties and receive the emoluments of such until the expiration of their present term of office.

Section 41. The said court and Judge shall have exclusive original jurisdiction of all civil cases, not equity, which shall arise in said county, and shall have in Escambia county concurrent with the Circuit Court and Circuit Judge of said county, the same original jurisdiction of all other cases and matters as the circuit court and circuit judge of said county and the same power to issue writs of mandamus, injunction, quo warranto, certiorari, prohibition, habeas corpus and all writs proper necessary to the complete exercise of their jurisdiction as the circuit court and circuit judge of said county, except the power and authority to summon and empanel a grand jury.

Section 42. There shall be six terms of said court in each year.

Section 43. There shall be for said court a prosecuting attorney who shall be appointed by the Governor and confirmed by the Senate and who shall hold his office for four years. His compensation shall be fixed by law.

Section 44. All offenses triable in said court shall be prosecuted upon information under oath to be filed by the prosecuting attorney, but the grand jury of the circuit court for said county may indict for any offence triable in the court of record. Upon the finding of such indictment the circuit judge shall commit or bail the accused for trial in the court of record, which trial shall be upon information.

Section 45. The clerk of said court shall be elected by the electors of Escambia county and shall hold office for four years and his compensation shall be fixed by law. The sheriff of Escambia county shall be the executive officer of said court, and his duties and fees shall be fixed by law.

Section 46. The same rule of procedure and practice which obtain in the circuit court of the county shall obtain in the court of record, and all laws relative to criminal courts of record, except as otherwise provided herein, shall apply to and control the court of record. Change of venue may be had from the court of record to the circuit court of another county for the same causes, and under the laws providing for changing the venue from circuit court of one county to the circuit court of another county. The Governor may, in his discretion, order the circuit judge of Escambia county or of any other county to hold one or more terms or parts of terms of the court of record. Any civil cause in the court of record may be tried before a referee, or in case of the disqualification of the judge of the court of record, may be tried by a judge ad litem, or may be transferred to the circuit court of Escambia county or of ony other county, in the same way and according to the same provisisons as govern such proceedings in the circuit court of Escambia county.

Section 47. The Supreme Court of the State shall have appellate jurisdiction in all cases at law and in equity originating in the court of record, and in cases of conviction of felony in the court of record. The circuit court of Escambia county shall have final appellate jurisdiction of all misdemeanors tried in the court of record. All appeals or writs of error prosecuted from the court of record, whether to the Supreme Court or Circuit Court, shall be prosecuted in the same way and according to the same rules as govern such proceedings from the Circuit Court to the Supreme Court.

Approved June 6, 1905.

ARTICLE XXXII.

That the following amendment to Article XVII of the Constitution of the State of Florida be, and the same is hereby agreed to and shall be submitted to the electors of the State at the general election in 1906 for ratification or rejection:

Section 1. Either branch of the Legislature, at a regular session thereof, may propose amendments to this Constitution; and if the same be agreed to by three-fifths of all the members elected to each house, such proposed amendments shall be entered upon their respective Journals with the yeas and nays and shall be published in one newspaper in each county where a newspaper is published, for one month immediately preceding the next general election of Representatives, at which election the same shall be submitted to the electors of the State, for approval or rejection. If a majority of the electors voting upon the amendments at such election shall adopt the amendments the same shall become a part of the Constitution. The proposed amendments shall be so submitted as to enable the electors to vote on each amendment separately. All amendments adopted at the election at which this is submitted or heretofore adopted by the electors are hereby declared a part of the Constitution from the date of the adoption of the same.

Approved June 6, 1905.

The votes cast in compliance with said proposed amendments, and the canvass, declarations and returns thereof, shall be subjected to the same regulations and restrictions as are provided by law for general elections in the State of Florida.

In testimony whereof, I have hereunto set my hand and affixed the great seal of the State of Florida, at Tallahassee, the capital, this first day of August, A. D., 1906.

[L. S.] H. Clay Crawford, Secretary of State.

To L. W. Fennell, Sheriff of Alachua county.

A table loaded down with Men's Shirts, going at 39c. Fine Values.

A Fine Yard-Wide Sheeting at only 5c the yard.

Come to Headquarters and get Your Money's Worth.

PHIFER BROS.,

Phifer's Corner, - Gainesville, Fla.

A letter from Col W. W. Hampton, under date of Saratoga, N. Y., September 6th, contains the information that himself and family will sail from New York City today, arriving here on 16th inst. They have spent the summer at the Thousand Islands and Saratoga, where they have had a most delightful outing.

A card received from Mr. and Mrs. E. J. White of Whitehorse, B. C., bears the information that the stork has visited their home and left a fine boy, who has been christened Albert Hamilton White. The young man came into this world on August 7th. The many friends of Mr. White in this city extend congratulations upon the happy event.

Mr. and Mrs. H. P. Holstein and son, Charlie, who recently removed to this city from Hawthorn, are pleasantly located in one of the Clapp houses, West Merchanic street. They expect to leave in a day or two for a brief visit to Mr. and Mrs. C. M. McKinney at Graham, after which Mr. Holstein will assume his duties as salesman in the store of Phifer Morris.

Mrs. J. Manasse and children, Master Joe and Misses Marion and Annie, and Mrs. Annie Wertheim, are at home again, after a delightful visit. Mrs. Manasse, Joe and Marion visited Asheville, N. C., joining Mrs. Wertheim and little Miss Annie at Memphis, Tenn., where they were guests of relatives for several days. Friends are glad to see them home again.

Owing to the inability of all members of the Board of County Commissioners to be present at the meeting of Commissioners and County Fair Association this morning, the meeting will be postponed until 2 o'clock this afternoon. The meeting will be held for the purpose of discussing the best system of working in the matter of making an exhibit at the State Fair, and a full attendance is desired. The public is invited to attend this meeting and participate in its proceedings.

A serious accident to a horse belonging to Day G. Edwards, the liveryman, occurred near Kanapaha a day or two ago, when a party were out on a hunting trip. While nothing authentic could be learned, it is understood that during the night someone shot the animal in the head, from the effects of which it died. No one seems to know just who fired the shot, but at any rate it was a fatal one, as the animal was a very valuable one, and the loss to Mr. Edwards is about $200

Jell-O Ice Cream Powder

Makes delicious Ice Cream in 10 minutes for 1 cent a plate.

Stir contents of one package into a quart of milk and freeze; that's all. Beats the old fashioned, laborious way and makes better Ice Cream. 5 Flavors.

Approved by Pure Food Commissioners.

Two packages, 25 cents at all grocers.

If your grocer hasn't it, send his name and 25c. to us and two packages and our illustrated recipe book will be mailed you.
